

Cameron Bagrie

Cameron is the Managing Director of Bagrie Economics, a boutique research firm. He sits on several boards including the NZ Police Welfare Fund, NZ Apple and Pear and Life Education NZ.

Welcome back risk: the shifting landscape is bringing risk back into play on numerous levels:

- Efficiency is being usurped by resilience.
- Managing climate change.
- Rising interest rates mean taking real risk to make real money.
- From rules to power and the impact on risks.
